### Indemnity

The college understands and agrees that all the information provided on Internshala related to internships and trainings is provided on as is basis. It further agrees that while Internshala makes efforts to ensure the accuracy of the information supplied, it does not guarantee it and the college will choose to disseminate this information to its students solely at its discretion. The college agrees to defend, indemnify and hold harmless Internshala, its subsidiaries, affiliates, licensors, employees, agents, third party information providers and independent contractors against any loss, claims, damages, costs, liabilities and expenses (including, but not limited to, reasonable attorneys' fees) arising out of or related to its use of content of Internshala platform feed that it posts, stores or otherwise transmits on or through its platform(s) or to its students or to general public at large.

The college understands and agrees that as a platform, Internshala acts as a bridge between the organizations who wish to hire interns and the students who wish to apply for the internships. We make best efforts to bring the best internships on the platform, educate students about the same and ensure that they can apply to these internships in a seamless manner. However, the eventual hiring decision, rightfully, resides with the organization which is hiring interns and is dependent on several factors such as the skills of the applicant, quality of her applications, competition, requirements and assessment process of the organization, student's availability at the required location and for the desired period of the internship etc. Since these factors are beyond Internshala's control, Internshala does not and can not guarantee an internship to an applicant.

CI includes all information in tangible or intangible form that is marked or designated as confidential by the Disclosing Party or that, under the circumstances of its disclosure, should be considered confidential. The Disclosing Party owns all right, title and interest, including all patent, copyright, trademark, trade secret rights and any other intellectual property or proprietary rights in any jurisdiction, including any and all applications, renewals, extensions and restorations thereof, in the Disclosing Party's CI. Each Party will take reasonable precautions to protect the confidentiality of the other Party's CI that are at least as stringent as it takes to protect its own CI.

### Force Majeure:

Except for any payment obligations, neither Party will be liable to the other for failure to fulfill obligations hereunder if such failure is due to causes beyond its control, including, without limitation, acts of God, earthquake, fire, flood, embargo, catastrophe, sabotage, utility or transmission failures, governmental prohibitions or regulations, national emergencies, insurrections, riots or wars, strikes, work stoppages or other labor difficulties ("Force Majeure Event"). Dear Sir/Madam,

30 APR 2019

It is important to provide the students with adequate industry experience in order to enhance their skill level, competence and employability. Internships play an important role in improving the employability of a graduate. Unemployed who are unable to find suitable jobs can apply for internships with pre-placement offers matching their requirements. After the internship, the graduates have a chance to get a job in the same company. Internships are now getting attention even from those with college degrees, and not for just undergraduate students for whom internships are compulsory.

To address this issue, AICTE has signed Memorandum of Understanding (MoU) with a host of internship companies. A list of these MoU is enclosed. The universities may utilize this information to provide the students an opportunity to undergo internships. This may be brought to the notice of your affiliated colleges/institutes also.

With kind regards,

Yours sincerely,

(Rajnish Jain)
