

Report on the Activities under

Memorandum of Understanding

With

Harimohan Ghose College

Raja Peary Mohan College has signed a Memorandum of Understanding with **Harimohan Ghose College** on 12.09.2022 with an envisaged intention to further the academic objectives of each institution and to promote research environment and culture amongst the faculty members and students of both the institutions.

About Harimohan Ghose College

Harimohan Ghose College is UGC accredited private college situated in Kolkata, West Bengal. It was established in 1963 by the scions of the Ghose family of Fatehpur, with the help of the residents of the Gardenreach-Metiabruz area to provide the fruits of higher education to youths of underprivileged backgrounds. As an undergraduate institution, principled on the motto “From Darkness To Light And More Light” the college endeavours to provide opportunities to those young men and women, who aspire to have a promising future but are unfortunately deprived of access to education. Harimohan Ghose College offers 17 courses across 5 streams namely Arts, Science, Physical Education, Commerce and Banking, Education. Besides a robust teaching pedagogy, Harimohan Ghose College is also a leader in research and innovation.

Summary of the Activities for the Session 2022-23

Sl. No.	Date	Name of the Event	Faculties involved	Venue	Number of Students attended
1.	22.12.2022	Isolation and staining of rat splenocytes	Dr. Labonya Mandal & Dr. Samrat Saha	Raja Peary Mohan College	12
2.	15.06.2023 & 16.06.2023	Recording of intestinal movements and effects of drugs on it	Dr. Samrat Saha & Dr. Labonya Mandal	Harimohan Ghose College	8

Interdepartmental collaboration Report on standardisation and demonstration of PHYA SEM V DSE-B4 P practical between Harimohan Ghose College and Raja Peary Mohan College

Date: December 22, 2022

Objective: The Department of Physiology at Raja Peary Mohan College collaborated with the Department of Physiology at Harimohan Ghose College, to standardize and demonstrate the experiment titled "Isolation and staining of splenocytes of albino rat". This practical is a part of syllabus under the Choice based Credit System (CBCS) curriculum for PHYA, SEM-V in the DSE- B4P paper. The laboratory infrastructure of the Department of Physiology, Raja Peary Mohan College was utilized for standardization and demonstration of the experiment.

Event Details: The practical session took place on December 22, 2022, starting at 11 am and concluding at 6 pm. The laboratory facilities at Raja Peary Mohan College's Department of Physiology were utilized for the standardisation and demonstration of the experiment.

The protocol of the experiment was standardised in accordance with the requirements of the curriculum and effectively demonstrated to the participating students.

Participants: The collaborative program was jointly conducted by Dr Labonya Mandal, Assistant Professor, Raja Peary Mohan College and Shri Samrat Saha, Assistant Professor, Harimohan Ghose College. A total of five (05) students from Harimohan Ghose College and seven(07) students from Raja Peary Mohan College, all enrolled in the Semester V Honours course actively participated in the demonstration of the experiment.

Conclusion: The interdepartmental collaboration between Raja Peary Mohan College and Harimohan Ghose College facilitated the successful standardization and demonstration of the PHYA Sem V DSE- B4P practical. The joint efforts of Dr Labonya Mandal and Mr Samrat Saha ensured smooth execution of the programme, which benefitted the participating students of both institutions.

Subject: Request for permission to participate in demonstration experiment
at Department of Physiology, Raja Peary Mohan College

Sir,

We would like to request permission for the students of our fifth semester honours program in Physiology to participate in a practical demonstration for the DSE A4 paper, Microbiology and Immunology. The demonstration would involve the isolation and staining of splenocytes under the supervision of Dr. Labonya Mandal of Department of Physiology, Raja Peary Mohan College. Prof. Samrat Saha of Harimohan Ghose College would accompany the students. We would greatly appreciate it if you could grant us the required permission to participate in the mentioned demonstration at your college.

Thanking you,
With best regards,

Principal 12-12-22

**Report of interdepartmental collaboration for PHYA SEM IV CC8P practical between
Harimohan Ghose College and Raja Peary Mohan College**

Department of Physiology, Raja Peary Mohan College collaborated with the Department of Physiology, Harimohan Ghose College, to study the effect of various drugs on the intestinal contraction of albino rat as a part of syllabus under CBCS curriculum of PHYA, SEM-IV in paper CC8P, from 15.06.23- 16.06.23. The laboratory infrastructure of the Department of Physiology, Harimohan Ghose College was utilized for hands-on learning experience of students in the following experiments:

- 1) Kymographic recording of normal intestinal movements of rat using Dale's apparatus.
- 2) Kymographic recording of the effect of graded adrenaline doses on rat intestinal movements using Dale's apparatus.
- 3) Kymographic recording of the effect of graded acetylcholine doses on rat intestinal movements using Dale's apparatus.

Details of students' participation: A Total of 8 students from semester-IV, from Raja Peary Mohan College.

Supervising teachers from Raja Peary Mohan College: Dr Labonya Mandal.

Supervising teacher from Harimohan Ghose College: Shri Samrat Saha.
