- 📍 1, Acharya Dhruba Pal Road, Hooghly, Kotrung, Uttarpara, West Bengal.

**Raja Peary
Mohan College**

Add-On Course
On
Sustainable Fisheries Management

Organised by

Department of Zoology

Raja Peary Mohan College
Uttarpara, Hooghly

*Course to be conducted by the Department of Zoology, in collaboration with
IQAC, Raja Peary Mohan College*

Course Start Date: 08.08.19

Last Date of Application: 01.08.19

Key Topics to be Covered

What is Sustainable Fisheries?

Fisheries Conservation and Restoration

Fisheries Policy and Governance

Fisheries Economics and Market Dynamics

Case Study: Sustainable Fish Farm Management

Course Objectives

- Understand the core principles of sustainable fisheries management.
- Explore techniques and strategies for fisheries conservation and habitat restoration.
- Analyze the role of policy and governance in shaping fisheries management.
- Examine the economic dynamics and market forces influencing fisheries sustainability.
- Apply theoretical knowledge to a real-world case study of sustainable fish farm management.

Overview of the Syllabus

Introduction to Sustainable Fisheries

- Definition and importance of sustainable fisheries management
- Ecological, economic, and social dimensions of fisheries
- Challenges and opportunities in achieving sustainability

Fisheries Conservation and Restoration

- Importance of biodiversity conservation in fisheries
- Habitat degradation and restoration techniques
- Fish passage improvement and protection of migratory species

Fishery Policy and Governance

- Legal and regulatory frameworks for fisheries management
- International agreements and their impact on local fisheries
- Incorporating traditional ecological knowledge into governance

Fisheries Economics and Market Dynamics

- Economic valuation of fishery resources
- Market forces affecting fishery sustainability
- Role of incentives and subsidies in promoting sustainable practices

Sustainable Fish Farm Management: Ecological Aspects

- Applying ecological principles to fish farm management
- Minimizing environmental impacts and maintaining water quality
- Integrated multitrophic aquaculture systems

Case Study Introduction: Magra Fish Farm

Course Outcome

Zoology Honours students will understand fisheries sustainability's many challenges and solutions after taking Sustainable Fisheries Management. They will understand the ecological, economic, and policy aspects of fisheries management and be able to critically analyse and address current fisheries issues. Students will learn about sustainable aquaculture practises from case studies and real-world examples like the Magra Fish Farm. This course will prepare graduates to conserve aquatic ecosystems, advocate for effective fisheries policies, and practise responsible and ethical fishery practises in their careers, ensuring the long-term health and resilience of our aquatic resources.

Course Coordinator: Mr. Jyoti Das

Course Director: Dr. Sudip Kumar Chakrabarty

Course Designer: Dr. Maitri Bose Biswas and Mr. Aradhana Chaudhary
