## **DECLARATION FROM THE PRINCIPAL**

This is to certify that all the data provided in this document is true to the best of my knowledge.

# **ADD-ON COURSE ON PHOTOGRAPHY AND PHOTO-EDITING FOR BEGINNERS**

**Organizer:** Photography club “Pixels” and IQAC, RPMC

**Date of commencement:** 3<sup>rd</sup> June, 2023

**Total Contact Hours:** 32 hrs

**No. of participants:** 11

## **Internal Resource Person**

- **Dr. Pinaki De**, *Associate Professor, Dept. of English, Raja Peary Mohan College*
- **Dr. Santanu Rana**, *Assistant Professor, Dept. of Zoology, Raja Peary Mohan College*

## **Brief Report**

The add-on course on photography and photo-editing for beginners for its first session was conducted by “Pixels” in association with IQAC for a total contact duration of 32 hrs. 17 undergraduate students of Raja Peary Mohan College participated in the course which mainly focused on providing a hands-on photographic experience to students. Students were tutored in field regarding basic skills of photography and frame composition. Extensive practical sessions were held where students were taught how to edit digital photographs; depending upon genres photo editing skills were demonstrated. Theoretical sessions were followed by practical sessions wherein different genres were explained and photograph appreciation and critical analysis were discussed.

Dated: 25.05.2023

## NOTICE

The college is going to organize a photographic walkathon across the suburbs of Chandannagar on 6<sup>th</sup> June, 2023. The tour across the alleys of the old city would be led by college teachers and photography enthusiasts. Students of Semester II and Semester IV are requested to register for the program in the link given below. Photograph of students from different walkathons would be judged independently by delegates and prizes would be awarded to students. The photo-tour would be organized by the "Pixels" – Photographic club of Raja Peary Mohan College.

The meeting point would be Jora Ghat, Chandannagar, Hooghly at 2:30 PM.

# Course Brochure

## **Add-on Course on Photography and Photo-editing for Beginners** course to be conducted by Pixels - Photography club in association with IQAC, **Raja Peary Mohan College**

**Course Description:** This course is designed to introduce beginners to the art of photography and the fundamentals of photo editing. Whether you have just bought your first camera or have been taking pictures casually, this course will provide you with the knowledge and skills to improve your photography and enhance your images through editing.

### **Course Outline:**

1. Introduction to Photography
  - o Understanding the basic principles of photography
  - o Types of cameras and their features
  - o Essential camera settings and modes
2. Composition and Lighting
  - o Exploring the rule of thirds and other composition techniques
  - o Utilizing natural and artificial lighting for better results
  - o Understanding exposure and its impact on images
3. Mastering Camera Controls
  - o Aperture, shutter speed, and ISO settings
  - o Depth of field and motion blur
  - o White balance and color temperature
4. Exploring Different Genres
  - o Landscape photography
  - o Portrait photography
  - o Still life and product photography
  - o Street photography
5. Introduction to Photo Editing Software
  - o Overview of popular photo editing software (e.g., Adobe Photoshop, Lightroom)
  - o Basic editing tools and their functions
  - o Non-destructive editing techniques
6. Enhancing and Retouching Images
  - o Adjusting exposure, contrast, and color balance
  - o Black and white conversions
  - o Cropping and resizing images
  - o Removing blemishes and imperfections
  - o Applying filters and effects
7. Critique and Feedback
  - o Analyzing and critiquing photographs
  - o Giving and receiving constructive feedback
  - o Developing a personal style and vision

#### 8. Final Project and Exhibition

- Applying the skills learned throughout the course
- Curating a collection of your best photographs
- Presenting your work in a final exhibition or online portfolio

**Course Duration:** The course will span over 45 hours. Each session will be approximately 2-3 hours long, including theory and practical exercises.

**Course Prerequisites:** No prior knowledge or experience in photography or photo editing is required. Participants should have access to a digital camera (DSLR, mirrorless, or advanced compact) and a computer with photo editing software installed.

**Course Outcomes:** By the end of this course, participants will have a solid foundation in photography and photo editing, allowing them to capture better images and transform them creatively through editing. They will also gain the confidence to continue exploring and developing their skills in the world of photography.

1. **Understanding of Photography Principles:** Participants will grasp the basic principles of photography, including composition, lighting, exposure, and camera controls. They will be able to make informed decisions while capturing images.
2. **Proficiency in Camera Controls:** Participants will gain confidence in using their cameras effectively by mastering aperture, shutter speed, ISO settings, and other essential camera controls. They will understand how to achieve desired effects and manage exposure.
3. **Knowledge of Different Photography Genres:** Participants will be introduced to various photography genres such as landscape, portrait, still life, and street photography. They will learn the specific techniques and considerations involved in each genre.
4. **Competence in Photo Editing Software:** Participants will be familiar with popular photo editing software, such as Adobe Photoshop and Lightroom. They will learn how to navigate the software interface and utilize basic editing tools effectively.
5. **Editing and Enhancing Images:** Participants will be able to enhance their photographs through editing techniques. They will learn to adjust exposure, contrast, color balance, crop and resize images, and remove imperfections to improve the overall quality of their pictures.
6. **Critique and Feedback Skills:** Participants will acquire the ability to analyze and critique photographs, providing constructive feedback to others and receiving feedback on their own work. They will develop an understanding of personal style and artistic vision.
