5.1.2

Capacity Development and Skill Enhancement Activities

Life Skill: Health and Hygiene

5.1.2.3: Life Skills: Health & Hygiene:

Raja Peary Mohan College has many functional sub-units like the Health Unit, the Women's Cell, the Psychological Counseling Cell, and the NSS. The Health Unit of the College organizes camps and awareness programmes related to different life skills from organizing workshops on Yoga, on health and hygiene for students throughout the year. It also arranges for various programmes and camps in collaboration with the other units of the college and the IQAC to provide variety of services to the nation through its staff and students. During the lockdown period of the pandemic of COVID-19 the Unit organized various awareness-related programmes through the online mode for the staff and students of the College to help them stay safe and healthy during the phase of "stay-at-home" and "work-from-home."

Year	Name of the capacity development and skills enhancement programme	"Period (from date - to date)"	Number of students enrolled	Name of the agencies/experts involved with contact details (if any)

26th April, 2020- An interview with Dr. Sayantan Banerjee, Advisor, WHO, Southeast Asia was uploaded in the RPMC website in the form of writeup to spread awareness about Covid-19. The interview was taken by Dr. Swagata Pal and Dr. Labonya Mandal, Coordinators of Health Unit in online mode. During this interview, Dr. Banerjee clearly explained the critical situation and gave valuable advice to our students to combat in the situation by answering our questions during the session. The question answer session was very informative and valuable for our students.

করোনা ভাইরাস সংক্রান্ত একটি সাক্ষাৎকার এর কিছু অংশ

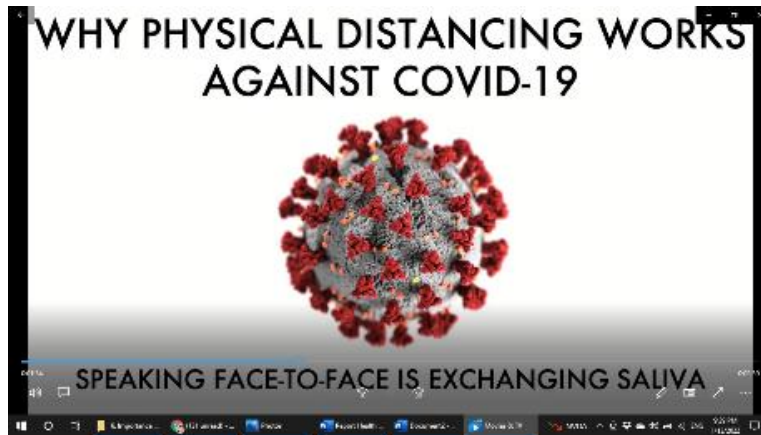

আমরা হেলথ ইউনিট, RPMC এর পক্ষ থেকে COVID 19 এর সাথে লড়াইয়ে সামনের সারিতে থাকা একজন ডাক্তারবাবু যিনি WHO এর কন্সাল্ট্যান্ট (বক্তার নাম জানাতে পারছি না কিছু বাধ্যবাধকতার কারণে) এর সাথে একটি ভিডিও কনফারেন্স করেছিলাম করোনা ভাইরাস সংক্রান্ত বিভিন্ন প্রশ্ন নিয়ে যা আমাদের ছাত্র ছাত্রীদের বর্তমান অতিমারী পরিস্থিতিতে কি করণীয় ও কি করণীয় নয় তার সম্পর্কে একটি সুস্পষ্ট ধারণা দিতে পারবে। সেই কথোপকথনের অংশ সমূহ এখানে দেওয়া হল।

প্রশ্ন ১। করোনা ভাইরাস কি? এর সংক্রমণের লক্ষণ গুলি কি কি? এই লক্ষণ গুলিকে অন্যান্য ভাইরাস ঘটিত লক্ষণ গুলি থেকে কি আলাদা করা যায়?

উত্তর। করোনা ভাইরাস হল খুব সাধারণ একটি RNA ভাইরাস। করোনা ভাইরাস এর অনেক গুলি strain আছে। এই ভাইরাস এর সংক্রমণে হাঁচি, কাশি, সর্দি, জ্বর এই উপসর্গ গুলি দেখা যায়। এই সংক্রমণ সাধারণত আবহাওয়ার পরিবর্তন এর সময় হয়ে থাকে। একই উপসর্গ সাধারণ flu বা ইনফ্লুয়েন্জার এর ক্ষেত্রেও দেখা যায়। বর্তমান যে strain টি COVID 19 এর জন্য দায়ী তার নাম SARS করোনা ভাইরাস ২। এটি অন্যান্য করোনা ভাইরাস এর strain গুলি থেকে আলাদা।

26th May, 2020- Several peaks of COVID 19 were arrived in different phases in our country. But after a small declining of the death rate, everyone was forgetting to wear masks. A video entitled "The importance of mask in post COVID 19 era" was prepared by the Health Unit of the college with several information from various websites on the importance of wearing mask in post COVID era and uploaded in college website. The video was prepared to aware the students about the importance of mask as well as how to wear a mask. The link is attached: <https://www.youtube.com/watch?v=Q5S5v9xTTOk&t=122s>

29th May, 2020- A PowerPoint on "Post lockdown precautions" was prepared by Health Unit and uploaded in the college website to aware the students about post lockdown situations. The presentation also provide a tutorial how to handle the pandemic situations and method of preparation of mask at home also

was Dr. Debashis Mondal, MBBS,MS (EYE), Head, Department of Ophthalmology, District Hospital, Howrah. The programme was inaugurated by an introductory speech by Dr. Swagata Pal, Convenor, Health Unit, and the resource person was introduced by Dr. Labonya Mondal, Convenor, Health Unit. Dr. Sudip Kr. Chakrabarty, Principal, Raja Peary Mohan College, Hooghly welcomed the speaker and the participants to the webinar and addressed welcome notes. The COVID 19 pandemic has wreaked havoc on everyone's lives. But how can we best prepare to protect our health? To address this the programme was arranged with various queries from the students, teachers, and other non-teaching persons in our college. Before the programme we have collected all the questions related to our daily protection, best practices to protect ourselves during Corona pandemic.

During the programme the speaker explained the present pandemic situation and also the importance of stay safe in that situation. He also discussed various matters which we must look after and several steps to protect our health during pandemic conditions. Throughout the webinar there was engagement with questions and discussion. About 136 participants attended the meeting through the Zoom platform and more than 190 people followed the event through YouTube live. Dr. Santanu Rana, IQAC coordinator, RPM college offered the vote of thanks to everyone associated with this webinar at the end of the session. 8th August, 2020- Another online question answer session “Alochonachakra 2” titled ‘Humour in the time of Corona’ was arranged by Health Unit and IQAC of Raja Peary Mohan College held with Dr. Tanvir Reza, Respiratory Therapy Specialist, Tuberculous and chest Diseases Specialist, Pulmonologist as the speaker. The webinar was held on 8th August 2020 at 7:00 p.m. on the Microsoft teams platform of Raja Peary Mohan College. It was the second in the series of webinars called AlochanaChakra organised by the Health Unit, Raja Peary Mohan College in collaboration with IQAC. The speaker of the evening was Dr Tanvir Reza, consultant pulmonologist of Apollo Hospitals. He was introduced to the audience by Dr Santanu Rana, coordinator, IQAC, Raja Peary Mohan College.

Dr Reza shared his experience and views on various aspects of the pandemic for about half an hour before answering the queries of the participants in the question-answer session. He talked

at length about the different types of masks, the suitability of each type in different environments, and methods of donning and doffing used masks. He showed the different types of masks and how one should wear them. He also explained how people with spectacles should be wearing masks in order to avoid fogging. According to him wearing masks was a better way of preventing the spread of the virus than the use of sanitisers. He emphasized that the general public should be sensible and should not overdo things like using sanitisers at regular intervals. he said that washing hands with soap and water what's the better option than sanitisers. Washing vegetables in sanitisers or soap water was totally unnecessary because we generally wash vegetables before cooking and the temperature during cooking also kills the virus. he repeatedly said that people should not panic and take on a normal diet during this time. he emphasized the importance of exercise and normal activities with precautions in order to keep up the Spirits in these times of stress and depression. In fact, he had started writing a Facebook post named humour in the time of Corona to keep up the spirit. In response to a question, he said that social visits cannot be avoided but transmission can be prevented if certain precautions are taken like sitting in an airy environment rather than a closed space preferably with standing fans instead of AC. He said that checking up temperature was not of much value as more than 50% of the population are asymptomatic and can have the virus but not the fever. He said that in the majority of the cases home surveillance of patients was enough and only a few required hospitalization and many of his patients were treated by telemedicine.

The question-answer session was very elaborate and various aspects of the pandemic were discussed in detail. The programme ended with the IQAC coordinator delivering his vote of thanks. The link is attached here: <https://www.youtube.com/watch?v=OzoI8RDkwj0>

16th January, 2021- An online question answer session "Alochonachakra 3" entitled "Sanitization in maintenance of health" organized by Health Unit on MS teams platform at 11 a.m. to 12 noon with Dr. Nilanjan Dastidar, Chief Medical Officer, Dept. of Health, Malda, West Bengal. as the speaker. The programme was initiated by DR. Swagata Pal and the speaker was introduced by Dr. Labonya Mandal, Coordinators Health Unit, RPMC. The theme of the webinar was "Water sanitization and Hand Hygiene". In the beginning of the lecture the speaker first introduced us with different water born diseases. Then he explained the importance and process of cleaning and sanitization in our daily life. During the entire session he informed us about importance of hand hygiene with several standard precautions we can take in day to day. He briefly explained several processes of maintenance of hand hygiene as well as preliminary steps before hand hygiene procedure. The programme was end with a prolonged question answer session with our students. The link is attached herewith: https://www.youtube.com/watch?v=km_0-Qi0qoU&t=24s

30th June, 2021- An online awareness Programme on Personal Hygiene was organized by Women Cell and Health Unit on 30th June 2021, at 3.30 P.M. on MS Teams. The programme was inaugurated by an introductory speech by Dr. Rajrupa Mitra, the Convenor of Women Cell. She introduced our resource person Dr. Aparna Khan who is an Associate Professor, Dept. of Gynaecology and Obstetrics, R. G. Kar Medical College and Hospital, Kolkata, to all the participants of the webinar. The theme of the webinar was briefly explained by Dr. Labonya Mandal, one of the Convenor's of the Health Unit. The importance of personal hygiene during Menstruation was explained in very palatable way by Dr. Khan to all our audience. Menstrual taboo and period stigma are still a very prominent problem faced by women of our society. Lack of awareness makes them suffer from infection and many other complications during period days. Dr. Khan explained the practices females need to practice during these days in order to stay safe and healthy. During menstruation, personal hygiene can be maintained by use of sanitary napkins, menstrual cups, tampons, period underwear, etc. Both the pros and cons of all these personal hygiene kits were discussed by her. Menstruation defines the reproductive age of a female, any abnormalities in it indicates unsound reproductive health, so the need to discuss problems related to it and taking medical help if needed can solve lots of future complications. A survey was conducted through questionnaire ahead of this webinar to collect questions and understand the mindset of the students of our college. The webinar allowed our students to have a clear understanding about the importance of personal hygiene during menstruation. Dr. Khan gave her simple and effective solutions to the queries of all our students and participants in the webinar. This webinar of two hours duration was concluded by vote of thanks delivered by Dr. Swagata Pal, one the Convenor's of the Health Unit. The awareness programme served its purpose by having a positive response by our students and request for more such programme in upcoming future.

Programme Name: COVID VACCINATION CAMP on 4th and 5th October 2021

The college authority endowed the Health Unit with the responsibility of setting up and managing the COVID vaccination camp (CVC) organized by the Department of Health and Family Welfare, Govt. of West Bengal, in collaboration with the Higher Education Department, Government of West Bengal at the college campus.

Objective: To co-operate with the Government in its initiative to vaccinate stakeholders at the workplace.

Outcome: The first dose of Covishield vaccine was given to 153 students and college staffs. The second dose was received by 15.

GOVERNMENT OF WEST BENGAL
Health & Family Welfare Department
Swasthya Bhawan, Salt Lake, Kolkata

Memo No: 216-Secy/HFW/2021 Date: 22-09-2021

To:

- The District Magistrate,
All Districts.
- The Chief Medical Officer of Health
All Districts.

Sub: Covid-19 Vaccination Camps at Higher Educational Institutions.

Madam/Sir,

The State of West Bengal has been successfully implementing the Covid vaccination program since its inception on 16th January, 2021 and till date has already administered 5.2 crore (including 1st and 2nd doses) cumulatively.

Now, with a view of possible restarting of offline instructions in colleges and universities, it has been decided to vaccinate all eligible students of such higher education institutions at the earliest possible. This vaccination drive will be organised by the Health and Family Welfare Department in coordination with the Higher Education Department.

Accordingly, you are hereby directed to hold necessary coordination meetings with all stakeholders including representatives of such colleges/universities for planning early Covid-19 vaccination of these students. The vaccination drive may be carried out either at the existing CVCs or at the campuses of such educational institutions subject to the fulfillment of all requisite criteria of a CVC or other designated CVCs as you may deem fit.

To
The Superintendent
Uttarpara State General Hospital
Uttarpara

Sub: Report of vaccination at Covid vaccination camp(CVC) organized by Department of Health and Family Welfare in collaboration with Department of Higher Education, Government of West Bengal at Raja Peary Mohan College centre

Sir,

These are the details regarding vaccination at CVC at our college.

04.10.21

First dose of vaccine (Covishield) given to 114 (One hundred and fourteen only) students.

Vials of Covishield received = 30

Vials of Covishield used = 11

Vials of Covishield returned = 19

05.10.21

First dose of Covishield vaccine given to 29 students and College Staffs

Second dose of Covishield vaccine given to 15 students and College Staffs

Vials of Covishield received = 25

Vials of Covishield used = 05

Vials of Covishield returned = 20

Fifteen students who have completed the 84 days time gap between first doses, received the second dose of the vaccine. Rest of the students who would acquire eligibility for the second dose of the Covishield vaccine(after 84 days of the first dose), would receive the second dose at Uttarpara State General Hospital as per the list submitted to Superintendent, Uttarpara SGH.

All students requiring the second dose of the Covaxin, would receive the second dose at Uttarpara State General Hospital as per the list submitted to Superintendent, Uttarpara SGH.

Rest of the students enlisted earlier could not attend on the stipulated dates and time due to reasons not known to college authority.

The entire process is completed at RAJA PEARY MOHAN COLLEGE centre.

Activity No: 2

Sanitization of college and maintenance of covid protocols in the college campus

Date: 8th November 2022 till date

Health unit undertook steps for maintenance of covid protocols when offline classes resumed in the college campus on 8th November in collaboration with NSS Unit of the college. This included

- Installation of liquid sanitizer dispenser machines at each floor.
- Arrangement of temperature checking at the entry.
- Distribution of sanitizers and liquid hand wash to different departments on 8th November when college campus resumed offline classes after lockdown period and as required after that.
- Awareness for COVID protocols was done by postering in the campus
- Distribution of masks to students and faculty as and when required.

Circulated by Health Unit and NSS, RPMC

Distribution of mask and sanitizer

15th March, 2022: A workshop titled “Fitness in the post Covid era” was held on 15th March, 2022 at 12 noon at the Centenary Hall of Raja Peary Mohan College. About two hundred students and faculties participated in this programme jointly organized by Health Unit and IQAC. In his welcome address Principal Dr Sudip Kumar Chakrabarty stressed the importance of physical activity along with mental activity in the ultimate growth and prosperity of students. Dr Sanjukta Bhattacharya, IQAC Coordinator, RPMC appreciated the efforts of the unit in conceptualizing such a workshop and encouraged the students to wholeheartedly participate in the programme. The resource person Mr Arup Biswas, Consultant Physiotherapist, Howrah District Hospital was introduced to the audience by Dr Labonya Mandal, Convenor, Health Unit.

In an hour-long captivating presentation, the speaker Mr Arup Biswas, explained the meaning of the term fitness and how it has been affected by our changed lifestyle during the lockdown due to Covid 19. He showed with illustrations the impact of use of devices like mobile phones or laptops for long hours on the normal curvature of the spine in the pathogenesis of various diseases. He also explained how lack of outdoor activities has affected the health of people especially in academics and IT sector. He pointed out the precautions to be adopted to ward off the ill effects of postures on health. He shared his observation of the rising number of teachers among patients seeking his consultation during this time. The lecture was followed by an interactive session with teachers and students. This was a very successful session during which many teachers and students shared their problems and received valuable advice from the resource person. The workshop ended after nearly two hour thirty minutes from commencement with vote of thanks delivered by the Convenor of Health Unit, Dr Swagata Pal.

27th May 2022: First Aid training programme in collaboration with Indian Red Cross Society was organized by the Health Unit, RPMC on 27.5.2022 at 11:00 a.m. at Hall 1 of Raja Peary Mohan College in collaboration **with Indian Red Cross Society**. Prof. Susanta Kumar Biswas and the IQAC coordinator, Dr. Sanjukta Bhattacharya inaugurated the program and highlighted the purpose of first aid and health education. The convenor, Dr. Swagata Pal focused on the role of First-Aid as a preliminary step to health care. The resource person Mr. Syamal Baran Mukherjee, the member of Red Cross Society, India discussed about the history of Red Cross Society how it began with the Youth volunteering towards catering help at the time of war to an international organization looking after the health and wellbeing of Individuals in the remotest locations of the world, with the help of local Youth. The students participated freely and actively with the speaker and an showed much zeal in learning the techniques.

In the workshop session the speaker demonstrated how to give CPR, how to lay a person down when an accident happens, how to bandage a person when they encounter a damage or a fracture, how to carry an injured person when a stretcher is not available, how to provide oxygen to a patient drowned in water, immediate first aid to be provided in case of Electric shock.

The overall discussion and demonstration in the program was a huge success and garnered a lot of positive reviews from the students and teachers alike. The duration of the programme was 4 hours. Total number of teaching and students participant were 22 and 104 respectively.

Awareness program on Nutrition in celebration of National Nutrition Week

Date: 13.09.2022 & 14.09.2022

Objective of the Program: The theme of National Nutrition Week 2022 was to “Celebrate a World of Flavours”. Every day we take our meals based on our preferences. But, the basic needs of our body are not always fulfilled due to lack of our knowledge. There are many colorful vegies to fulfill not only our dietary requirements, but also to savor the dishes. The awareness program was arranged to spread the concept of healthy eating among the students.

The Program: The Health Unit of Raja Peary Mohan College in coordination with IQAC RPMC, arranged an awareness program on the 13th and 14th September 2022 to create awareness in students about the importance of nutrition. The main speaker was Mr. Ayan Das of the Department of Physiology, RPMC who specialises in human nutrition and diseases related to nutritional deficiencies. Thirty two students on the 13th and 57 students on the 14th attended the session.

Mr. Das explained to the students the need for healthy eating and ways to achieve it. Nutritional content of common food and the roles of different nutrients in prevention of diseases in our body was explained lucidly; like white colored foods contain carbohydrates; yellow-orange vegies and fruits contain Vitamin-A; Red vegies Lycopene; Green ones contain Vitamin-K etc. A brief outline of what to consume and what not, were also discussed with the students. The sessions were followed by interactions with students to fulfill their queries.

Activity No. 2

Thalassemia Awareness and screening camp

Date: 02.12.22

Objective of the programme: The programme was arranged by Health Unit in association with **Calcutta School of Tropical Medicine** to create awareness among students about Thalassemia and screen the students for carriers of Thalassemia genes.

The Programme: Ms. Moumita Biswas, counsellor of Thalassemia control unit, Calcutta School of Tropical Medicine said in her brief but engaging speech talked about Thalassemia which is a preventable but inherited disorder of red blood cells. This illness is chronic, life impairing and in some cases, life threatening and impose a heavy emotional and financial burden on families. Thalassemia, requires lifelong blood transfusions and iron chelation therapy, concurrently placing a heavy burden on the healthcare services. She informed that India has the largest number of children with thalassemia major in the world and millions of people are silent carriers of B - thalassemia who run the risk of becoming parents to children with serious diseases if this disease is not detected before a family is planned. Pamphlets about thalassemia was distributed among the audience and they were urged by the organisers to get themselves screened.

Two hundred seventy four students and thirty three teachers participated in the awareness programme. Blood was collected from 121 students by technicians of School of Tropical Medicine and sent to the lab for screening.

Outcome: On testing it was found that six of the students screened were HB- E carrier and six were beta thalassemia carriers. The rest (one hundred and nine students) had normal Haemoglobin. The family of students who were carriers were screened and counceled in the next thalassemia camp at the campus on 12th May, 2023.

Report from Calcutta School of Tropical Medicine

**Thalassaemia Control Unit
Calcutta School of Tropical Medicine**
108, C. R. Avenue, Kolkata -73

Dated : 06-03-2023

STM/20/TCU/39/23

To,
The Principal,
Raja Peary Mohan College,
Uttarpara, Hooghly.

Sub: **Thalassaemia Screening Report of Raja Peary Mohan College dated 02-12-2022**

Madam,

Thalassaemia Awareness & Screening Programme has been organised in Raja Peary Mohan College on 02-12-2022. According to the result of this screening programme **109 (One Hundred and Nine) respondents are Normal, 6 (Six) respondents are Hb-E-Carrier and 6 (Six) respondents are Beta Thalassaemia Carrier.**

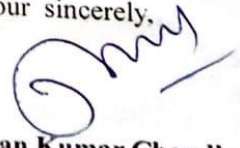

So we are requesting you please inform the persons who are carrier, their both parent and sibling should attend in your school for post test counselling and family screening programme or attend Haematology OPD (Monday & Thursday 10am to 12 noon) as early as possible. Please arrange family counselling and screening programme in your organisation as early as possible.

We are sending all the reports to you.

A list of Names of the respondents who are screened on that day is enclosed herewith.

Thanking you.

Your sincerely,

**Dr. Paban Kumar Chaudhuri,
Medical Officer,
Thalassaemia Control Unit, STM**

Free health Check up and Blood donation camp

Date: 31.03.23

Health unit and Student's Union, Raja Peary Mohan College collaborated with the Uttarpara greater chapter of Lions Club international in organising free Health check up of students and staff members of the college. Doctors of cardiology, gynaecology, orthopaedic, Ophthalmology departments of the Narayana superspeciality Hospitals, Howrah and teachers and students of the Department of Physiology of the college participated in the health checkup. About 135 students and staff of the college benefitted from the camp.

Simultaneously with the health check up, blood donation camp was also organised where student and staff members donated blood. The blood was collected from volunteers after they were considered fit to do so by doctors. Laboratory personnels of Kothari Medical Center were involved in the camp. Each donor received a certificate of appreciation and a token gift from the lions Club. A month and a half later they also received a Credit card which could be used to get one unit of blood by the donors in need within a year. About 55 donors donated their blood in the camp.

Activity No. 5

Name of the programme: World Health Day Celebration

Date: 6th April, 2023

Objective of the Program: The idea of World Health Day was conceived at the First Health Assembly in 1948 and it came into effect in 1950. It is celebrated annually and each year it draws attention to a specific health topic of concern to people all over the world. The theme for 2023 is “Health for All”. This year the celebration has gained special importance as the World Health Organization would observe its 75th birthday.

The day was celebrated by the Health Unit, Raja Peary Mohan College to raise awareness about global health issues and educate students on the importance of good health and simple ways to maintain it.

The programme: A quiz competition was organised by the health unit to celebrate World Health Day. A team of teachers visited classes randomly and quizzed the students from a question bank. Students with correct answers were given token gifts to encourage them. The question bank was well researched to include topics on public health concerns like hygiene, nutrition, communicable and non communicable diseases. Students enthusiastically participated in the programme.

Activity No. 6

Thalassemia Awareness and screening camp

Date:12.05.23

Objective of the programme: The second Thalassemia Screening Programme was undertaken to give opportunity to students who were interested to get themselves tested in the first camp but did not have a chance due to constraints on the part of the collaborators.

The programme: The programme started with a brief awareness campaign by **Ms. Moumita Biswas, Counsellor of Thalassemia control unit, Calcutta School of Tropical Medicine**. In her speech, Ms. Biswas congratulated the college authorities for their endeavour towards eradication of this fatal but preventable disease. Blood was collected for screening from one hundred and ninety-three students (193) and nine(9) faculty members. Counselling and screening of family members of twelve carriers detected during the first camp on 02.12.22 was done by the counsellors.
