Capacity Development and Skill Enhancement Activities

Life Skill: Self Employment

Self Employment Development Skills

Two **Certificate Courses** on self employment Skill Improvement have been **organized by** Women Cell of Raja Peary Mohan College:

- **Beauty Care and Artistry Makeup Course**
- **Handicrafts and Jewellery Designing Course.**

The main objective of these courses is to inculcate specialized skills in the students and make them industry ready and financially independent through opening of earning opportunities for them that go beyond the pre-defined academic syllabi. After successful completion of these self employment skill improvement programmes, students are equipped with professional and practical skills. They also acquire confidence and skill to start their own business in these specialized fields. Such programmes help to develop entrepreneurial skills which make them economically and financially independent in the future.

Women Cell (Mitali) of Raja Peary Mohan College, in association with IQAC, has been organizing a Certificate Course on **'Beauty Care and Artistry Makeup'** in collaboration with Rupasi Beautician Centre, Uttarpara from the academic session 2021-2022 and for the second consecutive year during 2022-2023. For this purpose, a Memorandum of Understanding (MOU) has been signed by Raja Peary Mohan College and Rupasi Beautician Centre on 28th April, 2022 with a validity period covering three years from the date of signing of the MOU. Ms. Ishita Indra, professional beautician and owner of Rupasi Beautician Centre is the resource person.

Such a course on beauty care not only enables students to learn the creative art of makeovers, but also guarantees a place for them in the cosmetology industry. Students can make good living for themselves through social media or by working at salons and beauty clinics or even starting their own beauty care centres.

Details of Beauty Care and Artistry Makeup Course

Women Cell (Mitali) of Raja Peary Mohan College has organized a Certificate Course on **‘Handicrafts and Jewellery Designing’** in collaboration with Ramdhanu, Singur, Hooghly in academic session 2022-2023. For this purpose, a Memorandum of Understanding (MOU) has been signed by Raja Peary Mohan College and Ramdhanu with a validity period covering three years from the date of signing of the MOU. The signatories were Principal of Raja Peary Mohan College and Mr. KiranSankar Manna, Proprietor of Ramdhanu.

The prime motive behind introducing this course has been to unleash the creativity skills of the students and equip them to take up handicraft and jewellery designing as a future profession. Hands on training and exposure provided to students through this certificate course enhances their confidence and trains them effectively for their future profession. With knowledge of new and emerging art forms and jewellery designs, students are better equipped to meet challenges and become industry ready.

MUSHROOM CULTIVATION

Mushroom production is simple, low cost, and suitable for rural areas, is labour intensive and can provide employment in both the rural areas and semi-urban. Mushroom production will improve the socio-economic condition of farmers, families and solve employment problems of both literate and illiterate, especially in rural areas. Keeping in view the increasing demand of mushroom due to globalization and opening of the economy, mushroom cultivation is indeed a great opportunity for self employment. Our college has taken the basic steps for students to develop a knack in this field and help them to take up mushroom cultivation as a mode of self employment.

For students to take up mushroom cultivation at entrepreneur level the following aids are provided by the college

- Professional guidance from entrepreneurs as well as knowledgeable personalities are offered to interested students.
- hands on training , session are being offered to the students.
- Information regarding procurement of Raw materials for mushroom cultivation are being provided to the students.
- Shortly a spawning unit is going to be opened so as to give a steady flow of spawn to students
- In recent future it is being planned to provide a selling unit from the college end .

VERMI-COMPOSTING

Vermicompost is a safe, non-polluting and one of the most economical and convenient way of solving the waste disposal problems and recycling of organic waste. It is an excellent form of natural manure which is cost effective, easy to make, handling and contain high nutrients with growth hormones and are 4-5 times powerful growth promoter than all other organic fertilizers and over 30-40% higher than the chemical fertilizer. In fact go green is the need of the hour. And vermi - compost is one such initiative. It on one hand helps us to generate, a green initiative as well as generate a means of self employment.

UTKARSH"-The Fertilizer Making Unit : In the year 2023 a fertilizer production unit was obtained within the second college campus as trial run, however it gave a good response. Infact the produced vermicompost though being produced in limited quantity are being packed and marketed to college staffs who take keen interest in gardening. This unit is now being used to :

- Train students in vermicomposting
- Give information on the types of earth worm used by us for the composting
- A centre where students are free to interact regarding vermicomposting
