5.1.2

Capacity Development and Skill Enhancement Activities

Awareness of trends in technology

Awareness of trends in Technology

Technology empowers students by giving them ownership of how they learn, making education relevant to their digital lives, and preparing them for their futures. Technology and access to resources beyond classroom walls inspire students to become problem-solvers, critical thinkers, collaborators, and creators. Digital tools and platforms are becoming more integral to our personal and working lives. Digital learning increases access to education and knowledge while empowering students with a mindset and capabilities that set them up for success in their present and future. Giving learners access to devices doesn't necessarily lead to better outcomes; thoughtful integration and actively adopting a digital mindset are needed for digital learning to truly enhance the overall student experience. To cope with the digital needs of our students our college has taken initiatives and arranges free wi-fi zones for our students. We also have the access of LMS portal where our students can easily get the study materials uploaded by their teachers. Both teachers and students have ids of MS Team through which the teachers can organize online classes for students after college if needed. Raja Peary Mohan College has also created an App for the students who can access the basic information like departmental notices, college notices, exam related news from there. Our college library is also digitalized and it has the access of KOHA which improves the access of it, simplifies the cataloging for the students. It makes library use for the students easy and interesting.

Students at College Library

Departments of Raja Peary Mohan College havealso organized different courses to make our students competent in digital skills along with other skills.

Computer Foundation for Professional Advancement

Computers have brought about major changes in all spheres of life, especially so in education, business and management. Today, it is extremely difficult to imagine a world without computers. Businesses rely heavily on computer technology to assist in almost every aspect of work. Keeping this in mind the Department of Computer Science of Raja Peary Mohan College initiated a 30-hour Certificate Course on Computer Foundation for Professional Advancement. The course was inaugurated in April2022 and has been running successfully for two years.

This certificate course provides an introduction to the basic concepts of Computer Fundamentals, DigitalSystems, Microsoft Word, Microsoft Excel and Microsoft PowerPoint with basic Internet knowledge. Upon completing this course, the students can create and present documents and presentations effectively including editing and formatting. This certificate course is designed for the undergraduate students of the college, who wish to learn and make his/her career bright and secure.

In the 2021-22 session, 27 students are benefitted from it. It was a free course and the teaching mode was offline and online. In the 2022-23 session, the Computer Science department again organized the course and it was conducted from April'23 to June'23. This time 31 students are benefitted from this.At the end of the course, certificates were given to the students.

ADD-ON COURSE

COMPUTER FOUNDATION FOR PROFESSIONAL ADVANCEMENT

2022-23

RAJA PEARY MOHAN COLLEGE

Organized by -
Department Of Computer Science

Beneficiary	:Even Semester Students
Course Director	:Dr. Sudip Kumar Chakraborty
Course Coordinator	:Mou Bhattacharyya
Course Designer	:Mou Bhattacharyya
Course Duration	: 32 hours.

Raja Peary Mohan College is a general purpose college in Hooghly District of West Bengal, India under the University of Calcutta. It offers several courses in various arts, commerce and science subjects. The college is a popular institution for undergraduate study in the neighborhood of Uttarpara, the Hooghly district, Howrah and the North 24 Parganas.

In Raja Peary Mohan College, Department of Computer Science started functioning from the year 2003. In this age of Information Technology, knowledge of computer is essential. The computer science program of this department provides students with a broad and deep foundation in theory and modern software and hardware concepts as well as introduces students to numerous programming languages and paradigms. Students have an opportunity to engage in significant programming and software development work, learning to innovate as well as invent new technologies. So students are always eager to study this subject as a combination of pure science pass subject. They have scored well in both practical and theoretical papers in University Examination. After passing out many of them are working in different private and public sectors as Software - Experts.

OBJECTIVES OF THE COURSE :-

Our professional world has immensely computerized and basic computer operation skill is essential for any profession.

Our course objective is to develop those skills among our students to make them well prepared for their future profession.

After completing the course, they will have much needed basic fundamental knowledge and skills in computer operation which help them to develop a strong foundation for future development.

COURSE CONTENT :-

- Computer Fundamentals
- Digital System
- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Basics of Internet

TEACHING METHODOLOGIES :

- Lectures
- PowerPoint Presentation
- Practical classes
- Teaching with templates
- Objectives tests(MCQ)

Brochure

Raja Peary Mohan College is a general purpose college in Hooghly District of West Bengal, India under the University of Calcutta. It offers several courses in various arts , commerce and science subjects. The college is a popular institution for undergraduate study in the neighborhood of Uttarpara, the Hooghly district, Howrah and the North 24 Parganas.

In Raja Peary Mohan College, Department of Computer Science started functioning from the year 2003. In this age of Information Technology, knowledge of computer is essential. The computer science program of this department provides students with a broad and deep foundation in theory and modern software and hardware concepts as well as introduces students to numerous programming languages and paradigms. Students have an opportunity to engage in significant programming and software development work, learning to innovate as well as invent new technologies . So students are always eager to study this subject as a combination of pure science pass subject. They have scored well in both practical and theoretical papers in University Examination. After passing out many of them are working in different private and public sectors as Software - Experts.

OBJECTIVES OF THE COURSE :-

Almost all organizations use Microsoft Office. They use it for business accounting, office administration, project administration, sales, and communications. Thus, most jobs will require to know how to use it.

Our course objective is to develop advanced skills of MS Office and Network among our students to make them well prepared for their future profession .

After completing the course , they will have much needed advanced knowledge and skills in MS Office and Network which help them to develop a strong foundation for future development.

COURSE CONTENT :-

- MS Office(Advanced)
  - MS Word
  - MS Excel
  - MS PowerPoint
  - MS Access
- Networking
  - Internet
  - HTML
  - Webpage Designing

TEACHING METHODOLOGIES :

- Lectures
- PowerPoint Presentation
- Practical classes
- Teaching with templates
- Objectives tests(MCQ)

Accounting Software & E-filing of Tax Return

To enhance the skills of the students in Accounting Software applications and to teach them the procedure to file income tax returns on the website, the Department of Commerce of Raja Peary Mohan College has organized a certificate course on Accounting Software & E-filing of Tax Return. The course was inaugurated on 3rd April 2022 and a MoU had been signed with ICA. The duration of the course was 30 hours which included not only the classes but also the examination and evaluation. The classes were taken by all the faculty members of the Department of Commerce and special classes of external experts were also arranged for the participants. After completing the course, certificates were given to the students.

In the 2021-2022 session, the course was conducted online as well as offline mode. For the online mode, the MS Teams platform was used and the offline classes were organized at the Department of Commerce. A total of sixty-six candidates joined the course and successfully cleared the examination with sophisticated marks.

In the 2022-2023 session, the course commenced on 20th March 2023. A total of thirty-five (35) candidates joined the course this year and completed the course and got the certificates on 04th August 2023 at a convocation ceremony arranged by the Department.

ACCOUNTING SOFTWARE
&
E-FILING OF IT RETURN

Inauguration at
Centenary Hall, Raja Peary Mohan College, Uttarpara, Hooghly
31.03.2022 (Thursday), 12.30 noon

Conducted by
Department of Commerce
Raja Peary Mohan College, Uttarpara

In Association with
IQAC, Raja Peary Mohan College, Uttarpara

About our College:

RAJA PEARY MOHAN COLLEGE was founded on 20th June, 1887 by an eminent philanthropist, promoter of education and social reformer in the nineteenth century Bengal – Raja Joykrishna Mukherjee, who was also a benevolent zamindar of Uttarpara in Hooghly District of West Bengal. The College is situated in a place which is very near to the famous Grand Trunk Road and just on the opposite bank of the Hooghly river.

THE DEPARTMENT OF COMMERCE presents a perfect example of teaching and learning within the parameters of the University of Calcutta regulations. The Department is well known to academicians, accounting professionals and other sections of the society for its long drawn reputation and achievements in the field of contemporary studies in commerce and business related issues.

About the Course:

Tally.ERP 9 is one of the most popular accounting software used in India. It is complete enterprise software for small & medium enterprises.

Tally.ERP 9 is a perfect business management solution and GST software with an ideal combination of function, control, and in-built customizability.

This course is designed to impart knowledge regarding concepts of Financial Accounting Tally is an accounting package that is used for learning to maintain accounts.

Digital Marketing

In the era of digital transformation, businesses rely on technology and digital channels to connect with existing and potential consumers. Technological advancements are creating a constant need for skilled professionals who are well-versed in digital marketing and possess the ability to learn and adapt in an ever-changing field.In the event of massive exposure to social media, the concept of marketing has faced a drastic evolution. Nowadays people are more available on social media so, this availability has triggered the marketers to adopt innovative ideas to chase the different needs of different people. By following these ideas marketers have become successful in entering into the brains of consumers while those people who fail to incorporate these have put themselves behind.

To make our students competent and to enhance their skills in this field Commerce Department of our college organized an add on course on Digital Marketing. The course was inaugurated on 25th February, 2023. The course was conducted online as well as offline mode. For the online mode, the MS Teams platform was used and the offline classes were organized at the Department of Commerce. A total of 174 candidates joined the course and successfully completed it.

DIGITAL MARKETING

Inauguration at
Centenary Hall, Raja Peary Mohan College, Uttarpara, Hooghly
25.02.2023 (Saturday), 02:30 pm.
Conducted by

DEPARTMENT OF COMMERCE
Raja Peary Mohan College, Uttarpara

IQAC, Raja Peary Mohan College, Uttarpara

About our College:

RAJA PEARY MOHAN COLLEGE was founded on 20th June, 1887 by an eminent philanthropist, promoter of education and social reformer in the nineteenth century Bengal – Raja Joykrishna Mukherjee, who was also a benevolent zamindar of Uttarpara in Hooghly District of West Bengal. The College is situated in a place which is very near to the famous Grand Trunk Road and just on the opposite bank of the Hooghly river.

THE DEPARTMENT OF COMMERCE presents a perfect example of teaching and learning within the parameters of the University of Calcutta regulations. The Department is well known to academicians, accounting professionals and other sections of the society for its long drawn reputation and achievements in the field of contemporary studies in commerce and business related issues.

About the Course:

In the event of massive exposure of the social media the concept of marketing has faced a drastic evolution. Now a days people are more available on social media so, this availability has triggered the marketers to adopt innovative idea to chase different needs of different people. By following these ideas marketers have become successful in entering into the brain of consumers while those people who fail to incorporate these have put themselves behind.

So, Digital marketing contains the knowledge of consumer dynamics, their drives and relevant cues to satisfy those drives. Is also teaches the way in which maximum attention of consumers can be obtained. To survive in the market, digital marketing is the best solution.

Course Content:

(a) Introduction and fundamentals of Marketing.

(b) Channels of digital marketing. Here candidates will learn the process of digital marketing and different tools to grab the attention of consumers.

(c) Analyzing the trends in the consumer demands and learning consumer behavior.

(d) Designing the interface of the webpage to attract more potential consumers.

(e) Understanding the Social Media Marketing (SMM).

(f) Understanding of e-commerce.

Course Director:

Dr. Sudip Kumar Chakrabarty, Principal

Course Coordinators:

Debasish Naskar
Indrajit Mondal

Course Designers:

Debasish Naskar
Indrajit Mondal
Arindam Mukherjee

Target Group:

1) Students of Raja Peary Mohan College (Semester VI).

2) Students of surrounding colleges.

3) Other interested persons.

Registration:

Registration needs to be done at department within 24.02.2023

Course Duration: 30 hours

Mode of Teaching: Offline

Course Fee: Free of cost

C Programming: Mathematical Computing and Beyond

In the current day scenario to get a competitive edge it is almost mandatory for students to acquire knowledge on various subjects other than the usual syllabus-oriented topics. To facilitate that to the students the Department of Mathematics felt the necessity of introducing a course on C Programming: Mathematical Computing and Beyond. The course was offered to the students of honours course. Apart from the departmental teachers Mr. Dhiraj Kumar Halder, an employee of IBM, USA was also taught them. The course was inaugurated on 1st April 2022 and the duration was of thirty hours. The classes were held in a blended mode (theory lectures on the online platform and hands-on training in the departmental lab). In the 2021-2022 session, 16 students joined the course and successfully completed this. The convocation ceremony took place on 31st May 2022. In the next session, the course commenced on 27th March 2023 and the duration was of thirty-six hours. During the course, assignments were given to the students and lab examination was also conducted. At the end of the course certificates were given to successful candidates on 14th June, 2023.

C PROGRAMMING:

MATHEMATICAL COMPUTING & BEYOND

ADD ON COURSE BY

DEPARTMENT OF MATHEMATICS

SESSION : 2022-23

Course Director : Dr. Sudip Kumar Chakraborty

Course Coordinator : Dr. Soumen Banerjee

Course Duration : 36 Hours

Mode of Teaching : Blended Mode

JOIN IN OUR PROGRAM...   *STAY AHEAD OF OTHERS*

Course Objective: Concepts and knowledge of C is the backbone in the Software Programming. The objective of the course is to give a thorough training on various the concepts of C and provide an exposure to its applications in different Mathematical computations and real-life scenario.

Mode Of delivery & Timings: Lectures (Online, in the evening) & Hands on (in the Lab)

Eligibility: 10+2 (with Mathematics as a subject)

Syllabus (Outline):
1. Overview of Programming
2. Introduction to C
3. Data types, Variables, Constants
4. Operators, Expressions, Assignments
5. Control statements
6. Console Input/Output
7. Arrays
8. Functions
9. Pointers
10. Structures and Unions
11. The C Preprocessor
12. Header Files
13. Applications of C Programming in Mathematical Computing
14. Real world programming: Examples

Course fee: Rs. 250/-

Sage Math and its Applications

To create adequate opportunities for students to acquire additional skills within our campus by saving their time, money and energy, the Department of Mathematics of Raja Peary Mohan College organized an Add On course "Sage Math and Its Applications" as Sage Mathcan be used in various fields of Mathematics like basic algebra, graph theory and numerical computations. It was inaugurated on 8th April 2023 and the duration was of thirty-six hours.It was offered to all Mathematics Honours students of the final semester. Classes were held in offline mode. At the end of the course, certificates were distributed among students.

SAGEMATH AND ITS APPLICATIONS

ADD ON COURSE BY

DEPARTMENT OF MATHEMATICS

SESSION: 2022 - 2023

Course Director   : Dr. Sudip Kumar Chakraborty

Course Coordinator : Dr. Tanusree Choudhury

Course Duration   : 36 Hours

Mode of Teaching   : OFFLINE

Beneficiary   : Mathematics Honours Students
                      (Final Semester)

Course Objective: This course aims to use SageMath, a free and open source computer system to explore concepts in Calculus, Applied Linear Algebra and Numerical Methods. The course will begin with the introduction of basic SageMath, plotting 2D and 3D objects. The main focus will be on using SageMath to explore topics in Calculus, Applied Linear Algebra, Numerical Methods and several applications.

Mode Of delivery : Lectures & Hands on (in the Lab)

Syllabus (Outline):
1. Introduction to SageMath
2. Numerical and symbolic computations using mathematical functions
3. Graphical representations of few functions
4. Plots of functions with asymptotes
5. Superimposing multiple graphs in one plot like plotting a curve along with a tangent on that curve (if it exists)
6. Sage Math commands for differentiation, higher order derivatives
7. Introduction to Programming in SageMath
8. Use of inbuilt functions that deal with matrices, determinant, inverse of a given real square matrix (if it exists), solving a system of linear equations, finding roots of a given polynomial
9. Solving differential equations

Course fee: Rs. 250/-

Number of seats: 25

Basic Computational Tools for Scientific Applications

To equip the students with essential computational skills and tools required for scientific research and analysis the Department of Physics of Raja Peary Mohan College organized an add-on course titled Basic Computational Tools for Scientific Applications which spanned over 32 hours. The main objectives of the course were to introduce students to fundamental computational concepts and tools used in scientific applications, to enable them to work efficiently with data, perform data analysis, and visualize results and to familiarize them with software tools commonly used in scientific data analysis and graphical representations of data such as Origin Pro, Multisim, Xournal+, MS Excel, Power Point etc. The course content was thoughtfully structured to cover a range of topics essential for scientific applications, including Xfig, Xmgrace, Powerpoint Presentation, MS Excel, Xournal, Multisim etc. The teaching approach employed during the course was highly interactive, blending theoretical concepts with practical exercises and hands-on training

In Association with
IQAC, Raja Peary Mohan College, Uttarpara

Inauguration on: 05/04/2023

NI Multisim   ORIGINPRO

Course Director:	Dr. Sudip Kumar Chakrabarty, Principal
Course Co-ordinators:	Dr. Sukanta Barman and Dr. Jaya Maji
Course Designers:	Mr. Avik Kr. Basu and Dr. Pankaj Kumar Shaw

---

Course layout:

➤ **Xfig:** Interactive drawing tool to produce schematic diagram with overlay text and symbols on image files.
➤ **Origin:** Introduction, 2D Plot, Customizing Graphs, Statistics and Mathematics on Data, Fitting Data etc.
➤ **Xmgrace:** Convenient point-and-click graphical user interface with various dynamic features
➤ **Power Point Presentation:** A presentation-based program to make a presentation more interactive using graphics and videos. Getting Acquainted with Power Point, Creating Basic Presentations, Using Presentation Views.
➤ **Microsoft Excel:** A popular and accessible program to organise the gathered data, analyse, interpret, and present the information in an easily understandable form- Fundamentals, Entering and Editing Text and Formulas, Working with Basic Functions, Modifying an worksheet etc.
➤ **Xournal++:** A fast flexible and functional handwriting note-taking software with PDF annotation support- Getting acquainted with the rich features of Xournal
➤ **Creating YouTube Video Lecture:** Creating and Live Streaming E-Resources using YT and OBS Studio.
➤ **Online form Creation:** Online Exam and Analysis, Google Form Quiz, Online Data Collection etc.
➤ **Scientific Writing Tools:** Preparation of Laboratory Report, Project Report, Scientific Paper Writing, technical writing etc.
➤ **Multisim:** A circuit design software for analog, digital, and power electronics in education and research- Circuit Design, Schematics Capture and Analysis: Schematic drawings, simulation of electronics prototype and electronic design.

Course Outcome:

The course has been designed to impart knowledge on data plotting, data analysis, and slide design using various software tools. The course covers data plotting, data analysis and presentation software tools (Xfig, Xmgrace, Origin, Microsoft Power Point and Excel). In addition, it includes electronic circuit simulator (Multisim), ICT tools for online teaching and learning (Xournal, YouTube Video Lectures), online data collection (Google form), and Scientific Content Writing tools (DOCX, TEX). The course has been designed for mainly undergraduate science students to enhance and accelerate their thinking and to capture and portrait their ideas. Moreover, the basic knowledge about such tools is essential not only for the higher studies and research but in many professional fields. This course specifically aims to train students in various software tools beyond curriculum studies.

Target Group:
1) Physics Honours students of Raja Peary Mohan College (Sem II, IV, VI)
2) Students of surrounding colleges
3) Other interested persons.

Registration:
Registration needs to be done through a well-designed Google Form which will remain open in College Website till 15.04.2023 (For the academic session 2022-2023).

Course Duration:	32 hours
Mode of Teaching:	Blended mode (Online & Offline)
Course Fee:	Nil

About our college:

RAJA PEARY MOHAN COLLEGE was founded on 20th June,1887 by an eminent philanthropist, promoter of education and social reformer in the nineteenth century Bengal – Raja Joykrishna Mukherjee, who was also a benevolent zamindar of Uttarpara in Hooghly District of West Bengal. The College is situated in a place which is very near to the famous Grand Trunk Road and just on the bank of the Hooghly River opposite to the Dakshineswar Temple.

THE DEPARTMENT OF PHYSICS presents a perfect example of teaching and learning within the parameters of the University of Calcutta regulations. The Department is well known to academicians, researchers, and other sections of the society for its long-drawn reputation and achievements in the field of Physical Sciences and related issues.
