Dear Sir/Madam,

30 APR 2019

It is important to provide the students with adequate industry experience in order to enhance their skill level, competence and employability. Internships play an important role in improving the employability of a graduate. Unemployed who are unable to find suitable jobs can apply for internships with pre-placement offers matching their requirements. After the internship, the graduates have a chance to get a job in the same company. Internships are now getting attention even from those with college degrees, and not for just undergraduate students for whom internships are compulsory.

To address this issue, AICTE has signed Memorandum of Understanding (MoU) with a host of internship companies. A list of these MoU is enclosed. The universities may utilize this information to provide the students an opportunity to undergo internships. This may be brought to the notice of your affiliated colleges/institutes also.

With kind regards,

Yours sincerely,

(Rajnish Jain)

Dear Sir,

Greetings from **Centum Learning!**

As discussed over the telephone, We are expecting the possibility of partnering with your college for the CPBFI Program.

CPBFI is an employability initiative of Bajaj Finserv, aimed at making graduates employable for financial services sector.

- A 100-hour Certificate Programme in Banking, Finance and Insurance (CPBFI) for final year graduation students and post-graduation students

graduation students and post-graduation students

- Conducted in partnership with degree colleges

for their students

- Includes 4 courses:

Managing self (12 hours)

• Communication and Workplace Skills (36 hours) Overview of Retail Banking (24 hours)

Overview of insurance (24 hours)

- Trainers for technical subjects have corporate experience, trainers for communication skills have corporate training experience
- At the end of CPBFI, Bajaj recruiters conduct mock interviews during an HR Workshop
- Only students with requisite attendance and minimum score in online assessment qualify for certificate

CPBFI Alumni, a right mix of skills and aspiration

- CPBFI participants are trained for BFSI and are aware of banking, NBFC, life insurance and general insurance products and basic processes.
- CPBFI participants are trained on communication skill, a key requirement of recruiters
- Domain Knowledge & communication skills differentiate them from freshers.
- Compared to MBAs, graduates with CPBFI have lower aspirations and wish for stability than position and growth
- Graduates with CPBFI are easier to hire, easier to deploy and easier to retain compared to other graduates and MBAs

Reasons to consider conducting CPBFI

Significant medium-term benefits with better outgoing students

- CPBFI significantly enhances the employability of graduates by building right attitude and skills and relevant industry knowledge. Students receive 2 certificates after completion of the 30 day programme.
- The training leads to improvement in participation and performance in the collegend itself.
- Unlike most value added programmes, CPBFI is an intense 100 hour programme that allows students to practice their skills and knowledge. A ttendance and passing of online assessment is mandatory and students receive a "Certificate of Completion" in the end.
- CPBFI is based on the co-investment model where every student pays a nominal fee between Rs 1000 and Rs. 3000. The fee is paid to and resta ined by the college. Additionally Bajaj Finserv pays a fee subsidy of Rs. 500 per regular student to the college in case of classroom training. This fee and fee subsidy can be utilized by the college for benefit of its students.
- Having a national level training programme like CPBFI can help the college attract top recruiters for campus placement.
- Partnership with a top corporate for conducting an industry designed programme enhances the credits in college accreditations such as NAAC or NIRF.

Benefits of the program:

1. Learning from industry professionals,
2. Students can apply for more than 15-20 role in industry,
3. Preparation for the same can be done, student want to invest in them to build value,
4. 100 hours of learning through corporate trainers
5. 3 modules –36 hours of Communication, 24 hours of Banking and 24 hours of Insurance and 12 hours of Swaroop.

Also, find below the details of the job role a student can get post attending the course.

CPBFI students are eligible for all entry level jobs and 2 levels above it considering that they have the required skills, knowledge and attitude in place. Typically the roles can range from customer relationship, sales, operations, backend and so on across private banks, insurance companies and NBFs. The current content of CPBFI enables the student to have enough technical competencies that if he/she is good will be placed immediately in the entry level jobs. If they are more polished the chances are they can get into one level or two levels up as well.

Typically they will be competing with graduates of all colleges as the eligibility for such jobs is only graduation. CPBFI students become distinct and valuable due to his approach, thought process, knowledge of concepts around products and assertive and effective communication to demonstrate his/her skills.

Eagerly waiting to hear from you soon as possible.

Thanks and regards,

Sunit Chaudhury,

It further agrees that while Internshala makes efforts to ensure the accuracy of the information supplied, it does not guarantee it and the college will choose to disseminate this information to its students solely at its discretion. The college agrees to defend, indemnify and hold harmless Internshala, its subsidiaries, affiliates, licensors, employees, agents, third party information providers and independent contractors against any loss, claims, damages, costs, liabilities and expenses (including, but not limited to, reasonable attorneys' fees) arising out of or related to its use of content of Internshala platform feed that it posts, stores or otherwise transmits on or through its platform(s) or to its students or to general public at large.

The college understands and agrees that as a platform, Internshala acts as a bridge between the organizations who wish to hire interns and the students who wish to apply for the internships. We make best efforts to bring the best internships on the platform, educate students about the same and ensure that they can apply to these internships in a seamless manner. However, the eventual hiring decision, rightfully, resides with the organization which is hiring interns and is dependent on several factors such as the skills of the applicant, quality of her applications, competition, requirements and assessment process of the organization, student's availability at the required location and for the desired period of the internship etc. Since these factors are beyond Internshala's control, Internshala does not and can not guarantee an internship to an applicant.

16th April, 2019

Dear Sir/Madam,

30 APR 2019

It is important to provide the students with adequate industry experience in order to enhance their skill level, competence and employability. Internships play an important role in improving the employability of a graduate. Unemployed who are unable to find suitable jobs can apply for internships with pre-placement offers matching their requirements. After the internship, the graduates have a chance to get a job in the same company. Internships are now getting attention even from those with college degrees, and not for just undergraduate students for whom internships are compulsory.

To address this issue, AICTE has signed Memorandum of Understanding (MoU) with a host of internship companies. A list of these MoU is enclosed. The universities may utilize this information to provide the students an opportunity to undergo internships. This may be brought to the notice of your affiliated colleges/institutes also.

With kind regards,

Yours sincerely,

(Rajnish Jain)

for their students

- Includes 4 courses:

Managing self (12 hours)

- Communication and Workplace Skills (36 hours) Overview of Retail Banking (24 hours) Overview of insurance (24 hours)

CPBFI Alumni, a right mix of skills and aspiration

- CPBFI participants are trained for BFSI and are aware of banking, NBFC, life insurance and general insurance products and basic processes.
- CPBFI participants are trained on communication skill, a key requirement of recruiters
- Domain Knowledge & communication skills differentiate them from freshers.
- Compared to MBAs, graduates with CPBFI have lower aspirations and wish for stability than position and growth
- Graduates with CPBFI are easier to hire, easier to deploy and easier to retain compared to other graduates and MBAs

Reasons to consider conducting CPBFI

Significant medium-term benefits with better outgoing students

Significant medium-term benefits with better outgoing students

- CPBFI significantly enhances the employability of graduates by building right attitude and skills and relevant industry knowledge. Students receive 2 certificates after completion of the 30 day programme.
- The training leads to improvement in participation and performance in the collegend itself.
- Unlike most value added programmes, CPBFI is an intense 100 hour programme that allows students to practice their skills and knowledge. A ttendance and passing of online assessment is mandatory and students receive a "Certificate of Completion" in the end.
- CPBFI is based on the co-investment model where every student pays a nominal fee between Rs 1000 and Rs. 3000. The fee is paid to and resta ined by the college. Additionally Bajaj Finserv pays a fee subsidy of Rs. 500 per regular student to the college in case of classroom training. This fee and fee subsidy can be utilized by the college for benefit of its students.
- Having a national level training programme like CPBFI can help the college attract top recruiters for campus placement.
- Partnership with a top corporate for conducting an industry designed programme enhances the credits in college accreditations such as NAAC or NIRF.

Benefits of the program:

1. Learning from industry professionals,
2. Students can apply for more than 15 -20 role in industry,
3. Preparation for the same can be done, student want to invest in them to build value,
4. 100 hours of learning through corporate trainers
5. 3 modules –36 hours of Communication, 24 hours of Banking and 24 hours of Insurance and 12 hours of Swaroop.

Also, find below the details of the job role a student can get post attending the course.

CPBFI students are eligible for all entry level jobs and 2 levels above it considering that they have the required skills, knowledge and attitude in place. Typically the roles can range from customer relationship, sales, operations, backend and so on across private banks, insurance companies and NBFCs. The current content of CPBFI enables the student to have enough technical competencies that if he/she is good will be placed immediately in the entry level jobs. If they are more polished the chances are they can get into one level or two levels up as well.

Established in 2001, Magic Bus India Foundation works with children and young people from underserved communities, taking them from a childhood full of challenges to a life with meaningful livelihoods. We equip young people with the skills and knowledge they need to grow up and move out of poverty.

Our youth centered Livelihood Program connects the aspirations and potential of young people to available market opportunities. We build their employability skills and map job potential based on individual strengths and mobility.

We work with support structures: parents, the community at large and local institutions to ensure results in social, emotional and economic wellbeing for all young people living in that area. Our approach mobilizes the entire ecosystem available to the child or youth to create informational change in their lives.

Magic Bus Connect to Work Program addresses the challenges faced by young graduates and first time job seekers through skilling them for the 21st century work environment and connecting them with available jobs in local area. Program aims to bring young people into workforce- reduce the joblessness among young people and strengthen the economy by capitalizing on huge young Workforce of India by placing them with right employers. Indemnity

It further agrees that while Internshala makes efforts to ensure the accuracy of the information supplied, it does not guarantee it and the college will choose to disseminate this information to its students solely at its discretion. The college agrees to defend, indemnify and hold harmless Internshala, its subsidiaries, affiliates, licensors, employees, agents, third party information providers and independent contractors against any loss, claims, damages, costs, liabilities and expenses (including, but not limited to, reasonable attorneys' fees) arising out of or related to its use of content of Internshala platform feed that it posts, stores or otherwise transmits on or through its platform(s) or to its students or to general public at large.

The college understands and agrees that as a platform, Internshala acts as a bridge between the organizations who wish to hire interns and the students who wish to apply for the internships. We make best efforts to bring the best internships on the platform, educate students about the same and ensure that they can apply to these internships in a seamless manner. However, the eventual hiring decision, rightfully, resides with the organization which is hiring interns and is dependent on several factors such as the skills of the applicant, quality of her applications, competition, requirements and assessment process of the organization, student's availability at the required location and for the desired period of the internship etc. Since these factors are beyond Internshala's control, Internshala does not and can not guarantee an internship to an applicant.

All rights not expressly granted herein are deemed withheld. All use by a Party of the other trade names, trademarks, service marks, logos, etc., and any goodwill associated therewith, will inure to the benefit of the grantor.

Confidentiality:

Internshala and the College will not disclose the details of this agreement and any private information that they come across when this agreement is in effect to any third-party.

If either Party (the "Receiving Party") under this Agreement gains access to confidential information of the other Party (the "Disclosing Party") concerning the Disclosing Party's prices, business, plans, technology, products, and other non-public information of the Disclosing Party (collectively, "CI" or "Confidential Information"), then the terms of this section will apply. CI includes all information in tangible or intangible form that is marked or designated as confidential by the Disclosing Party or that, under the circumstances of its disclosure, should be considered confidential. The Disclosing Party owns all right, title and interest, including all patent, copyright, trademark, trade secret rights and any other intellectual property or proprietary rights in any jurisdiction, including any and all applications, renewals, extensions and restorations thereof, in the Disclosing Party's CI. Each Party agrees that it will not use in any way, for its own benefit or the benefit of any third party, except as expressly permitted by, or as required to implement, this Agreement, nor disclose to any third party (except as required by law or to such Party's attorneys, accountants and other advisors as reasonably necessary), any of the Disclosing Party's CI. Each Party will take reasonable precautions to protect the confidentiality of the other Party's CI that are at least as stringent as it takes to protect its own CI.

Force Majeure:

Except for any payment obligations, neither Party will be liable to the other for failure to fulfill obligations hereunder if such failure is due to causes beyond its control, including, without limitation, acts of God, earthquake, fire, flood, embargo, catastrophe, sabotage, utility or transmission failures, governmental prohibitions or regulations, national emergencies, insurrections, riots or wars, strikes, work stoppages or other labor difficulties ("Force Majeure Event"). Dear Sir/Madam,

30 APR 2019

It is important to provide the students with adequate industry experience in order to enhance their skill level, competence and employability. Internships play an important role in improving the employability of a graduate. Unemployed who are unable to find suitable jobs can apply for internships with pre-placement offers matching their requirements. After the internship, the graduates have a chance to get a job in the same company. Internships are now getting attention even from those with college degrees, and not for just undergraduate students for whom internships are compulsory.

To address this issue, AICTE has signed Memorandum of Understanding (MoU) with a host of internship companies. A list of these MoU is enclosed. The universities may utilize this information to provide the students an opportunity to undergo internships. This may be brought to the notice of your affiliated colleges/institutes also.

With kind regards,

Yours sincerely,

(Rajnish Jain)

Going through 2-hour session in each category additionally having a strength of at most 60 students per class/session to maximize the interaction and attention amongst the students, they will be prepared for the process of employment in various companies from diverse sectors.

NEST is a test which is conducted amongst the appearing students onto these three categories to give the students an idea of their current employability status and requirement of skills to add on to their employability (if needed).

Students qualifying NEST with minimum 70% in each subject, will be allowed to participate in the placement drive and will receive at least 3 opportunities of interviews with companies we are already associated with.

Indemnity

The college understands and agrees that all the information provided on Internshala related to internships and trainings is provided on as is basis. It further agrees that while Internshala makes efforts to ensure the accuracy of the information supplied, it does not guarantee it and the college will choose to disseminate this information to its students solely at its discretion. The college agrees to defend, indemnify and hold harmless Internshala, its subsidiaries, affiliates, licensors, employees, agents, third party information providers and independent contractors against any loss, claims, damages, costs, liabilities and expenses (including, but not limited to, reasonable attorneys' fees) arising out of or related to its use of content of Internshala platform feed that it posts, stores or otherwise transmits on or through its platform(s) or to its students or to general public at large.

The college understands and agrees that as a platform, Internshala acts as a bridge between the organizations who wish to hire interns and the students who wish to apply for the internships. We make best efforts to bring the best internships on the platform, educate students about the same and ensure that they can apply to these internships in a seamless manner. However, the eventual hiring decision, rightfully, resides with the organization which is hiring interns and is dependent on several factors such as the skills of the applicant, quality of her applications, competition, requirements and assessment process of the organization, student's availability at the required location and for the desired period of the internship etc. Since these factors are beyond Internshala's control, Internshala does not and can not guarantee an internship to an applicant.

The college further agrees to indemnify and hold harmless Internshala, its subsidiaries, affiliates, licensors, employees, agents, third party information providers and independent contractors, if any, who controls any thereof, against any loss, liability, claim, damage and expense whatsoever (including, but not limited to, any and all expenses whatsoever reasonably incurred in investigating, preparing or defending against any litigation commenced or threatened or any claim whatsoever) arising out of or based upon any false representation or warranty or breach or failure by the College to comply with any covenant or agreement made by the College herein or in any other document furnished by the College to any of the foregoing in connection with this agreement.

Trademarks:

Except to the limited extent expressly provided in this Agreement, neither Party grants, nor the other Party will not acquire any right, title or interest (including, without limitation, any implied license) in or to any property of the first Party. All rights not expressly granted herein are deemed withheld. All use by a Party of the other trade names, trademarks, service marks, logos, etc., and any goodwill associated therewith, will inure to the benefit of the grantor.

Confidentiality:

Internshala and the College will not disclose the details of this agreement and any private information that they come across when this agreement is in effect to any third-party.

If either Party (the "Receiving Party") under this Agreement gains access to confidential information of the other Party (the "Disclosing Party") concerning the Disclosing Party's prices, business, plans, technology, products, and other non-public information of the Disclosing Party (collectively, "CI" or "Confidential Information"), then the terms of this section will apply. CI includes all information in tangible or intangible form that is marked or designated as confidential by the Disclosing Party or that, under the circumstances of its disclosure, should be considered confidential. The Disclosing Party owns all right, title and interest, including all patent, copyright, trademark, trade secret rights and any other intellectual property or proprietary rights in any jurisdiction, including any and all applications, renewals, extensions and restorations thereof, in the Disclosing Party's CI. Each Party agrees that it will not use in any way, for its own benefit or the benefit of any third party, except as expressly permitted by, or as required to implement, this Agreement, nor disclose to any third party (except as required by law or to such Party's attorneys, accountants and other advisors as reasonably necessary), any of the Disclosing Party's CI. Each Party will take reasonable precautions to protect the confidentiality of the other Party's CI that are at least as stringent as it takes to protect its own CI.

16th April, 2019

Dear Sir/Madam,

30 APR 2019

It is important to provide the students with adequate industry experience in order to enhance their skill level, competence and employability. Internships play an important role in improving the employability of a graduate. Unemployed who are unable to find suitable jobs can apply for internships with pre-placement offers matching their requirements. After the internship, the graduates have a chance to get a job in the same company. Internships are now getting attention even from those with college degrees, and not for just undergraduate students for whom internships are compulsory.

To address this issue, AICTE has signed Memorandum of Understanding (MoU) with a host of internship companies. A list of these MoU is enclosed. The universities may utilize this information to provide the students an opportunity to undergo internships. This may be brought to the notice of your affiliated colleges/ institutes also.

With kind regards,

Yours sincerely,

(Rajnish Jain)
