ANNUAL REPORT

(Academic Year: 2022-2023)

Name of the Department: **Department of Botany**

A brief Annual Report of Student Mentoring held on 11/01/2023 (Wednesday) at Dept. of Botany for the academic session: 2022-23 (Odd Semester).

A brief Annual Report of Student Mentoring

It was a wonderful experience for the entire faculty of the department of Botany to interact with the students personally. They shared their goals, fear, problems and personal likings & dislikes. Most of the students wished to progress to higher education after graduation (M.Sc.). Some wanted to achieve some technical skills for job markets. They also expressed their fear & apprehensions about academics. The faculty members of the subject Botany observed that there were confusion & fear about academic goals and carrier aspiration. They were energized & encouraged to achieve their best in academics. All the faculty members guide and motivated the mentees to improve their academic performance and career prosperity.

ANNUAL REPORT

(Academic Year 2022-2023)

Name of the Department: Chemistry

A brief Annual Report of Student Mentoring

Chemistry Department successfully completed another year of Mentor - Mentee Programme. It is equally successful like the last academic year. Students were divided among all the faculty members of the department. Students are mentored individually by the faculty members of the department. They discussed with their mentors in individual meeting about their strength, weakness and challenges. Mainly academic related problems were reported by the students. Guidance was offered from our side for choosing proper career according to their talent and qualities. Most of the students are from Bengali medium school so writing in English / communicating in English seems difficult for them. They were advised to take up free add-on courses available at our college. This program created a better relationship between students and mentors.

ANNUAL REPORT

(Academic Year 2022-2023)

Name (Teacher) Name: Department of Commerce

Designation: _____ Name of the Department: Commerce

A brief Annual Report of Student Mentoring

We, as a department are glad that we have been chosen to perform the task of mentoring our students to help them about their problems and to motivate overall. Firstly, we, the faculty members informed our honours students about the necessity, if any, they feel and advised them to contact us. Accordingly, some of the students informed and communicated with us. We fixed schedules with them on different dates and time, discussed with their problems and tried to resolve their problems with a Co-operative attitude. We often talk with our students as and when required.

STUDENT MENTORING CELL

ANNUAL REPORT

(Academic Year 2022 – 2023)

Name of the Department: **Economics**

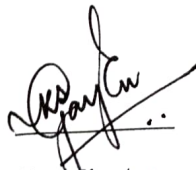

A brief Annual Report of Student Mentoring

Students are sceptical about their career. Many of our students are yet to decide on their future plans. Some of them engage in co-curricular activities like singing, painting, reciting or playing instruments and aspire to pursue careers in those fields. However, students suffer from lack of self-confidence and concentration. Some have spoken about their short tempered nature and proneness towards depression and frustration. Financial constraint is another major problem for some students. With limited communication skill and lack of fluency in English, our students face hindrances in their pursuit of proper and choiceable career. Yoga, meditation and regular exercises are suggested by mentors for improving the physical and mental health of the mentees. Students, countering mental problems like stress and strain have been advised to seek help from psychological counselling cell of our college. Students who aim at Government service jobs have been advised to contact Career Counselling cell of our college for effective guidance in competitive exams. Teachers of the department have tried to interact with students and involve them in various activities like seminars, workshops, courses, industrial trips etc. to boost their moral confidence and prepare them for experiential learning.

STUDENT MENTORING CELL

Annual Report

(Academic Year 2022-2023)

Name of the Department: Department of English

It was a wonderful experience for the entire faculty members of the department to interact with the students face-to-face. All the faculties had the consensus that they are very enthusiastic and willing to learn. We, as teachers always mentor them collectively but through this individual mentoring, we came to know that the students lack information and guidance in many matters. Most had financial constraints in the family, but we told them that with time things will improve and for that, they have to work hard and study well. They also had personal issues and for this one-to-one interaction, they unhesitantly shared their problems with their mentors and it helped the teachers to guide them properly. We were also happy to receive very positive response from our students. We also told them that even after graduation the department will always be open to them for guidance.

STUDENT MENTORING CELL

ANNUAL REPORT

(Academic Year 2022-2023)

Department Name - History

A brief Annual Report of Student Mentoring

Purpose of introducing this program:

Mentor -mentee program was introduced in academic year 2021-22 to address individual student's problem. It worked nicely and students also took the opportunity to get over their disabilities. This time mentors are supposed to act more efficiently. However, situation is changing rapidly. Pandemic and lockdown have cast their spell on the well being of people. Each and every family has been affected in one way or other. As expected, students approached teachers with complicated questions. And the most important objective of the program was how to handle them delicately.

Method:

- a. Students were divided randomly among the teachers.
- b. However, no rigidity marked the program. Any student could approach and reach any mentor as to his/her wish.
- c. As before, students had to write down their strength, weaknesses, opportunities and challenges.
- d. After they submitted the forms, mentors talked to each of them personally.

Outcome:

This year the results showed a queer mixture of frustration and desparateness. It was distinctly felt that a pervasive sense of despair has engulfed them. But they are also ready to fight it back. Only they don't know the right way. The mentors befriended them, consoled them, soothened their spirits and counselled them a lot. They explained the current situation properly to the students. Almost all the students became convinced about what the mentors suggested and promised to act accordingly. Although it was no full proof program, it proved its justification.

The Mentor-Mentee programme is a very good initiative to study the opportunities, weakness, challenges faced by the individuals and the way they are determined to achieve their goals using their respective opportunities, overcoming their weaknesses and facing the challenges.

After the session it is revealed that almost all the students are intelligent enough to reach/achieve their goals with hard work and strong determination.

A brief Annual Report of Student Mentoring

It is needless to say, mentoring programme aims to enrich students' lives on the campus and empower them to continue with their studies and other activities unhampered by any social or psychological constraint. The program intends to create a required space for students where their personalities can blossom and prosper to their full potential. All the students share their different problems & views freely. According to students' opinion this is very helpful for their studies & future planning.

A brief Annual Report of Student Mentoring

Students who had gone through this mentor-mentee session shared their thoughts, future plans, family issues to a great extent. Most of them were aware of their strengths and weaknesses, also concerned about the challenges they might face in future. However, all of them were motivated to work harder to reach their future goals and were confident in making their marks in lives. As expected, some of them lacked certain clarity of thoughts about the future and shown some element of immaturity and anguish, which we, in our limited capacity, tried to clear.

A brief Annual Report of Student Mentoring

Most of the students are suffering from lack of self-confidence, communication skill. As students are dependent on mobile phone for on-line classes and different e-books, e-notes, they gradually become addicted to different social media. But all of them are aware of their situation, so I am very much hopeful that most of them will overcome their shortcomings and attain their goals.

A brief Annual Report of Student Mentoring

Students were actively participated in the Mentor-Mentee Program. There are two old batches & one new batch. The old batches students inform us their improvement & lack of preparation. The new batch students shared their academic & career goals.

Throughout the program, we encouraged them to achieve their goals. Most of the students are sincere about their future. We shared them some online & offline materials for preparation of competitive examination.

Overall the Program is successful.

A brief Annual Report of Student Mentoring

Mentor-Mentee Programme is an organized initiative that facilitates the Pairing of experienced individuals with less experienced ones.

In keeping with this motto, a mentor-mentee Programme for the 2nd, 4th, & 6th Semesters students 2022-2023 was hosted by the Department of Education, Raja Peary Mohan College. In this Programme, several problematic situations like students' indecisiveness & disappointment, Phobia for examinations, reluctance to attend regular classes, Poverty of the family were registered. In order to get out of these Problems, several measures were adopted, class tests were conducted to get rid of Phobia for examination. Proper career counselling was organized to remove students' disappointment after Passout. A meditation Programme was designed to keep every unfavourable situation under control. All Programme were situation highly successful with students' active participation.

A brief Annual Report of Student Mentoring

It was a wonderful experience for the entire faculty of the department to interact with the students personally. They shared their goals, fear, problems and personal likings & dislikes. Most of the students wished to progress to higher education after graduation. Some wanted to achieve some technical skills for job markets. They also expressed their fear & apprehensions about academics after the Covid period & online studies. The faculty observed there was confusion & fear about offline mode of studies after a long gap. They were energised & encouraged to achieve their best.

ANNUAL REPORT

(Academic Year 2022-2023)

Name of the Department: **Physics**

A brief Annual Report of Student Mentoring

Taking the vision and mission of the college as a prime factor for every year mentor-mentee scheme is implemented by the college. Mentor-mentee programme has been initiated with a vision to extend support and guidance to the students studying in the college for the betterment of their academic and professional career and thereby contribute towards nation building. It is a very effective system that is aimed to narrow down the gap between the mentee and the mentor and thereby the society in general. The students may come across difficulties during the degree programmes and have to face academic and adjustment challenges. To cope up with such problems and to enable them to excel in academics and profession as per their potential, a Mentor-Mentee programme for the students of the institution has been developed.

We are providing counselling to the students through personal attention and regular interactions during their stay on campus, on telephone/WhatsApp of the mentees allotted to the teacher concerned as the Mentor. We have been providing them tips on studies personal counselling, guidance regarding career choices, to get success in the university examinations, competitive examinations etc. We have also been supporting the mentees in the form of precise content on courses, reviews, college admission process and different scholarships of State Govt./College etc. The scheme has become very successful in bridging the gap between the teacher and the student. We aim that all students get rightly educated and take the right step towards building their career.

We addressed the following issues:

1. lack of self confidence,
2. Communication problems,
3. Lack of concentration,
4. Final year study pressure

(Academic Year 2022-2023)

Name of the Department: PHYSIOLOGY

A brief Annual Report of Student Mentoring

In this session 2022-23, about 29 students of our department was mentored by 6 faculties of Dept. of Physiology. We have the following observations-

- Students of the Department of Physiology are mostly from Bengali medium background and thus they can't cope up with English language during the first year of their study. As a result, they lose confidence, and their academic career advancements are badly affected.

- A good number of students are from economically weaker sections and thus suffer from financial problems which also badly influence their academic advancements.

- Many students try to clear eligibility tests for medical, nursing and paramedical courses within first few months. So, they cannot concentrate on their curriculum and also suffer from lack of confidence.

- Due to tremendous pressure in CBCS syllabus, students usually became stressed. In C.U. curriculum, irregular intervals of academic sessions not only worsen the condition, but also make them uncertain about their preparations for exams.

- Due to unawareness of career opportunities from core Physiology, students mostly became anxious about their job opportunities in future for their establishment.

ANNUAL REPORT

(Academic Year 20²²-20²³)

Name (Teacher) Name: Dr. Pravat Lama

Designation: Asst. Professor Name of the Department: Political Science

A brief Annual Report of Student Mentoring

It was a great experience for the entire department in doing this programme as for the first time with respect to II Semester we got the opportunity to learn about them and their ambitions, challenges and problems. It was great to know that the younger generations are very ambitious and serious about their career and life.

In case of 4th Semester, we knew all the students thoroughly and we made it a point that they work hard further to not only get good marks but to prepare them for life.

Lastly, our VI Semester batch with whom probably we had out last mentor-mentee programme. We all made an effort to point out their weakness as per their performance in class, informed them that after graduation they will be heading towards more competitive world. So to surpass the difficulties only way is to study and work hard as this will open up good number opportunities and only gateway for a successful and prosperous life ahead.

A brief Annual Report of Student Mentoring

We found most of the students have come from economically weaker background, Most of the students wants to do B.Ed. and become a school teacher, few of the students wants to pursue higher study, additional few students wants to prepare for Govt. Services, We encourage all the students to seriously work hard in the field they want to go.

ANNUAL REPORT

(Academic Year 2022-2023)

Name (Teacher) Name: Dept. of Zoology

Designation: _____ Name of the Department: Zoology

A brief Annual Report of Student Mentoring

45 students of Zoology Honours, as mentees, were assigned to the different faculties of the department with an average of around 6 students per faculty. At least 3 mentoring sessions had been conducted by every faculty during the course wherein counselled the mentees to inquire about their career aspirations, academic & personal goals in life to help them chalk out different approaches they can pursue to meet their career aspirations.

Mentees were advised to join various outreach programs, extra-curricular activities & extension activities which are being organized by the College throughout the session. All students' progress have been recorded, their SWOT analysis being done. Accordingly recommendations/suggestions were given to the mentees to help them perform better & overcome their weaknesses.
